Dear Mr. Kenney:

Re: Project Nos. Mass. R-55, R-56, and R-92

We are pleased to inform you that this Office will accept amendatory loan and grant applications for the above-identified projects in accordance with the Policies Governing Requests for Grant Increases, RHM 7202.3, dated November 25, 1970.

The maximum amount for twelve months that will be allocated for increases in the subject project capital grants will be \$18,000,000. A detailed narrative justifying the requests for the grant increases must be submitted with the application. In addition, prior to the submissions of the applications, project execution schedules must be completed in cooperation with the Community Development Representative for Renewal prior to the submission of the applications.

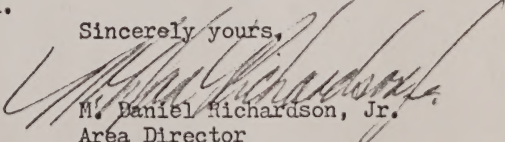

In addition to the increase in the project capital grants, this Office will also consider an increase in relocation grants in accordance with the provisions of the Uniform Relocation Act of 1970. A narrative statement fully documenting the amount requested must be included as part of the application.

It is essential, in order for this Office to process the amendatory applications, that the Authority adhere to a schedule for submitting the amendatory applications which will assist this Office in expediting the processing of the application. Therefore, the amendatory applications, in approvable form, must be submitted to this Office by April 6, 1972. This Office will be under no obligation to hold these funds after April 6, 1972.

Members of our staff would be pleased to assist you in the preparation of the amendatory applications. If you have any further question or if you require any assistance, please do not hesitate to call Mr. Richard Garver at 223-4591.

Your cooperation is appreciated.

Sincerely yours,

M. Daniel Richardson, Jr.
Area Director
